

## 2023 SENRS ANNUAL MEETING

### AGENDA

**Thursday, October 19**

#### **Session 1**

- |                |  |
|----------------|--|
| 12:00-12:10 pm | Opening Remarks<br>Erik Middlebrooks / Ryan Murtagh  |
| 12:10-12:30 pm | Complicated Sinus Disease<br>Philip Chapman, MD  |
| 12:30-12:50 pm | Laryngeal Carcinoma: Stage like a Boss<br>Alok Bhatt, MD   |
| 12:50-1:10 pm  | Head and Neck Anatomy: The What and the Who<br>Paul Bunch, MD  |
| 1:10-1:30 pm   | Party Lines and Other Mucosal Crimes: Common and Uncommon Causes of Nasal Septal Perforation<br>Charlotte Taylor, MD |
| 1:30-1:50 pm   | Vertigo work up: where to start, where to stop<br>Ilona Schmalfuss, MD   |
| 1:50-1:55 pm   | Q&A  |
| 1:55-2:25 pm   | Ullrich Health Policy Lecture: Corporatization in Radiology<br>Frank Lexa, MD, MBA                                   |
| 2:25 – 2:40 pm | Break  |

#### **Session 2**

- |              |   |
|--------------|---|
| 2:40-3:00 pm | Neonatal Brain Imaging: Normal Development and Common Acute Diagnoses<br>Anna Trofimova, MD |
| 3:00-3:20 pm | Imaging Glioneural and Neuronal Tumors<br>Asim Bag, MD                                      |
| 3:20-3:40 pm | Approach to MRI Evaluation in Pediatric Epilepsy<br>Alexandra Foust, DO                     |

|              |   |
|--------------|---|
| 3:40-4:00 pm | Uncertainty in Pediatric Neuro-Oncologic Imaging<br>Noah Sabin, MD, JD                        |
| 4:00-4:20 pm | Brachial Plexus<br>Efrat Saraf-Lavi, MD   |
| 4:20-4:40 pm | Unusual Cases of SIH<br>Linda Leithe, MD  |
| 4:40-5:00 pm | Spinal CSF Leak Localization: Imaging Algorithms and Emerging Techniques<br>Mike Malinzak, MD |
| 5:00-5:15 pm | Q&A   |
| 5:15-6:30 pm | Stump the SENRS Stars   |
| 7:00 pm      | Reception and Dinner  |

## **Friday, October 20**

### **Session 1**

|               |  |
|---------------|--|
| 7:30-8:00 am  | Business Meeting   |
| 8:00-8:05 am  | Welcome and Announcements  |
| 8:05-8:25 am  | Imaging of Toxic Encephalopathy<br>Brad Mitchell, MD   |
| 8:25-8:45 am  | Imaging Neurodegenerative Disorders: What the Referrer Wants to Know<br>Jason Allen, MD, PhD |
| 8:45-9:05 am  | Neuroimaging of Space Flight<br>Donna Roberts, MD  |
| 9:05-9:25 am  | CNS Disorders Related to Aberrant CSF Flow<br>Colin McKnight, MD                             |
| 9:25-9:45 am  | fMRI and DTI for Pre-Surgical Mapping<br>Frank Minja, MD                                     |
| 9:45-10:05 am | Update on Amino Acid PET and Other Neurooncology Targets<br>Ephraim Parent, MD               |

10:05-10:10 am Q&A

10:10-10:25 Break

## **Session 2**

10:25-10:45 am ASA Stroke Imaging Guidelines Update – Current Standards and Areas of Controversy  
Martin Radvany, MD

10:45-11:05 am Coloring Outside the Guidelines: Thrombectomy in Patients with Large Core Infarcts  
Mary Lee Jensen, MD

11:05-11:25 am Moyamoya  
Johnny Sandhu, MD

11:25-11:45 am Carotid Webs: An Updated Multimodality Review  
Andrew Steven, MD

11:45-12:05 pm Vessel Wall Imaging  
Mahmud Mossa-Basha, MD

12:05-12:15 pm Q&A

12:15-1:00 pm KEYNOTE ADDRESS: “American Journal of Neuroradiology: Looking Forward”  
Max Wintermark, MD, MS, MBA

6:30-7:00 pm Reception  
7:00 pm Dinner and Awards

## **Saturday, October 21**

### **Session 1**

8:00-8:05 am Welcome and Announcements

8:05-8:35 am Interesting Case Presentation x 4 (5 min)

8:35-8:55 am Abstract Presentations x 2 (8 mins)

8:55-9:15 am Clinical Applications of MRI Safety

Mike Antonucci, MD

9:15-9:35 am

Getting a New MRI - A Few Points  
Richard Downs, MD

9:35-9:55 am

Radiology Entrepreneurship and Startup Investing  
Austin Dixon, MD, MBA

9:55-10:15 am

AI Governance in a Hospital Setting: How we Do it and Lessons Learned  
Narayan Viswanadhan, MD

10:15-10:25 am

Q&A

10:25-10:40

Break

## **Session 2**

10:40-11:00 am

Implementation of Stroke AI program: Pros, Cons, and Challenges  
Richard Beegle, MD

11:00-11:20 am

Revisiting Traumatic Brain Injury  
Jeff Creasy, MD

11:20-11:40 am

Non-Traumatic Intracranial Emergencies  
Desmin Milner, MD

11:40-12:00 pm

Vascular and Traumatic H&N Emergencies  
Doug Phillips, MD

12:00-12:20 pm

Non-Traumatic H&N Emergencies  
Deb Shatzkes, MD

12:20-12:40 pm

Spine Trauma  
Ryan Peterson, MD

12:40-1:00 pm

Non-Traumatic Spine Emergencies  
Jeff Stone, MD

1:00 pm

Closing Remarks
